officers and district officials took stock of the situation, police patrolling was intensified and police pickets were posted in the affected areas. Relief measures are also being taken to afford assistance to the victims of communal violence.

The necessity of maintaining communal harmony and public order has been time and again stressed on the State Governments/Union Territories. Suggestions have been made to them to streamline the administrative and intelligence machinery and for measures like arrest of anti-social elements, search and seizure for the recovery of arms and ammunition, and action against elements inciting communalism. Central forces have also been made available as and when asked for. Apart from this, timely alerts are sounded and guidance provided as and when required. A detailed set of guidelines for effective control of communal violence, which was reviewed and revised in 1985 has also been circulated amongst all the State Governments.

It is also in this context that the 15-point programme of the former Prime Minister Smt. Indira Gandhi was commended to the State Governments. The National Integration Council deliberated on various issues in its meetings held on 12th September, 1986. In this connection the Home Minister has also addressed all the Chief Ministers of States/Union Territories in October, 1986.
